## The Star by Mail.

Persons leaving the city for the summer or any portion of it may have THE STAR sent to their address for such time as they desire, at the rate of fifty cents per month. Orders, accompanied by the money, should be sent to the business office of the paper.

### Cheek.

The height of impudence would seem to have been reached by the Southern Pacific Railroad Company. Having secured a valuable land grant from Congress in consideration of building "a first-class railroad" across the southern part of the country, that corporation now proposes to set up a claim that the newly-discovered narrow or three-foot gauge is the true thing in railway engineering, and it seriously asks or intends to ask the government to accept a line of that width as a compliance with the law granting the sub-

It is possibly still an open question as to just what width of guage does or does not constitute a "first-class" line of railway. But it is very clear that, whatever the theories on the subject may be, there has been no experience with the new favorite in this country, nor, indeed, in any other, which demonstrates it to be the three-foot track. And it is furthermore certain that there will be no difficulty in showing that no such discovery had been made and no such standard set up at the time Congress made the grant.

If it shall be eventually established that a three-foot gauge combines all the requisites of a "first-class" road for general purposes, then it would undoubtedly be proper for the government to accept it in this case, -on the sole condidition, however, that the company shall release its claims to a part of its grant equal in proportion to the reduction in the width of its gauge from four feet eight-and-a-half inches-the gauge in most common use, and undoubtedly contemplated by the company in its original calculations,-to three feet, or considerably more than one-third of the whole. But, gentlemen, hardly a fifty-six-and-a-half-inch subsidy for a thirty-sixinch track! That would be cutting it a little too fat, even in these days of fat things at govern-

### Killing the Goose.

We note with profound satisfaction the general complaint that so far the season at the various fashionable watering places and summer resorts has been a disastrous failure, socially as weil as pecuniarily. This result has doubtless been due to some extent to the exceptionally cool weather with which we have been favored this summer, but in a much greater degree to the shameless rapacity of the proprietors of the majority of such places. So extertionate have been their charges, and so small and unsatisfactory the return rendered therefor, that most of their old patrons have given them the go by, and new customers are kept away by the experience of the old. Those who have the means and time, find it quite as cheap and vastly more comfort- | WAR DEPARTMENT. Office Chief Signal Officer able and beneficial to make an European trip, while those who have to economise in both find it to their advantage, in regard to expense as well as absolute comfort, to board during the heated term at quiet country houses or else stay Of course this state of things is a little hard on

enterprising persons who have invested their means in making improvements at fashionable resorts; but as a rule they have nobody to blame for it but themselves. The human family will stand a wonderful amount of imposition, but there is a point beyond which a majority of its members will not submit. This point has been reached in the management of most of the comfortless watering place caravanseries.

It will next be the turn of the gaudy city hotels, the proprietors of which are still keeping up, without decent excuse, the extravagant prices established during the war.

THE " CHURCH GERMAN."-A cable telegram in yesterday's STAR brought information of a meeting held at Heidelberg, on Sunday, to take measures for the foundation of the "Church German," with a constitution embodying the principles of the Council of Constance of 1414, subordination of the Pope to the Council, separation of Church and State, participation of laymen in the management of the Church, free election of bisheps, communal election of pastors, and modification of the Confessional. The main principle laid down by the Council of Constance, and which is to form the basis of what may result in a formidable schism in the Roman Catholic Church, was that of the supreme power Council was to terminate a schism that had arisen by various Papal usurpations. The claims of the three contestants for the papacy at that time were promptly disposed of by the Council which proceeded to the election of a new Pope, who duly ascended the throne as

The tactics usually adopted by catch-penny newspapers are reversed by the Cincinnati Eaquirer, which seems to be continually taking new departures in journalism. The plan gen-erally in vogue with these affairs is to charge a round price for the advertisements they are able to wheedle out of a gullible public, on one pretext or another, and then circulate the paper free of charge. The Enquirer, on the other hand, makes a charge for its circulation, but publishes the advertisements of its customers for nothing! These weak devices may impose on thoughtless persons for a while, but they rarely pay in the long run.

New York, not satisfied with the Westfield disaster and Tammany frauds - afflictions enough for any ordinary community-is borrowing trouble in view of possible visitations of pestilence. Yellow fever has made its appearance in the lower bay, and the papers think that the present hot and damp weather is admirably suited to spread it through the city should it ever gain a foothold. Then the pestilence fly, said to be a precursor of cholera, has made its appearance there, and, altogether, Gotham would seem to be a good city to emigrate from

Booth's Theatre is to be opened on the 14th instant, with Lotta as the star, who will appear in some of her small-fry specialties. From Shakspeare to Lotta,-what a fall! We trust Booth may lose plenty of money by his enterprise, though we are bound to confess that his prospect is just the reverse of that consum-

The effect of Judge Richardson's negotiations with Jay Cooke, McCulloch & Co., for placing the new five per cent. loan, will be seen by reference to the London mar et in our telegraph column to-day, where five-twentics of 1862 are quoted at 94%, the highest point yet reached, and the first time since their issue that they have exceeded in value British consols.

The republican convention of Louisians met at New Orleans yesterday, and a "bolt" took place, Gov. Warmouth and his friends leaving the convention. Telegrams from there give two

accounts of the affair. Over one hundred deaths of victims of the

Westfield explosion have occurred in New York

MRS. SALLIE WAND HUNT NOT AFTER NEWcone's \$300,002.—The Cincinnati Commercial denies the fruth of the story touching a \$300,000 breach of marriage contract, the parties being "Mr. Newcomb, a millionaire," and Mrs. Sallie Ward Hunt, a widow, nee Sallie Ward, of Louiswille, a lady whose beauty gave her fame. It says it is advised the whole story is without foundation; that Newcomb never courted the lady, and it is not seen her for two or three years, and that the lady herself is disturbed and distressed

by the story. MASSACHUSETTS AND THE NEW DEPARTURE. The Young Men's Democratic Club in Boston has adopted an address to the young democracy of the State, which calls upon them to organize into clubs, and to look out for their rights. The

WAR DEPARTMENT. Office Chief Signal Officer, Washington, D. C., August 10, 1871.

Synopsis for the past Twenty-four Hours.—
The baremeter has risen decidedly, with brisk northerly winds, at the Rocky Mountain stations since Wednesday morning. It has fallen in Illinois and Wisconsin, and especially in Iowa and Minnesota, with brisk southerly winds. The highest pressure prevaits in Pennsylvania and West Virginia. Fresh northwesterly winds are reported from Virginia to Lake Ontario and eastward, with a northwest gale on Mount Washington. The humidity is low over this region, and hazy and clear weather quite generally prevails. Rain has fallen at most stations on the South Atlantic and Western Gulf coasts. Threatening weather is reported from Minnesota; partially and clear weather from the Ohio river, north and west.

Probabilities.—The area of cloud and rain on the South Atlantic coast will probably extend north-castward over the ocean, but northeasterly winds and increased cloudiness is probable for Maryland and New Jersey. Clear weather with increasing haziness will probably continue from Pennsylvania to New England. Falling barometer, with numer ous local rains, will probably advance rapidly eastward to Lake Michigan. No material change is anticipated for the Gulf States.

Local record.

The thermometer in THE EVENING STAR business office registered as follows to-day: -8 a. m., 79; 10 a. m., 81; 12 m., 83; 2 p. m., 83,

THE LYNCHING IN KENTUCKY .- Further information concerning the hanging of the negroes at Frankfort, Ky., Tuesday, indicates that it was done by forty persons. They were taken from the jail so quietly that hardly anybody was aware of it until the deed was over. They were taken across the Kentucky river, about a mile from Frankfort, and hung near the spot where one of them had committed rape

THE SARATOGA REGATTA .- John Morrissey makes an official announcement of the programme for the regatta on the Saratoga Lake next month; \$5,000 will be given in prizes for the race. The Tyne crew, the champion crew of England, has already entered, and it is probable that both the St. John and the Paris crews, of New Brunswick, will enter.

A CABD.—I hereby respectfully tender my thanks to my neighbors and the Fire De-partment for their successful efforts at the fire at my residence yesterday in saving my adjoining property from destruction. T. EDWD. CLARK, It Penna, avenue and 14th street east.

B. U. (H. F.)—The annual convocation of the District of Columbia, will be held at Good Fellows' Hall. 7th street N. W., FRIDAY, Aug. 11, 1871, at 8 o'cleek p. m. All E. W.'s in good standing are fraternally requested to be present.

By order of G. E. W.

HASKELL, LYON & CO. WARFIELD'S COLD WATER SOAP! NO BOILING! NO HARD RUBBING! NO HOT WATER! NO WASHBOARDS!

NO BLUEING ! NO INJURY TO GARMENTS OR HANDS No. 33 SOUTH EUTAW STREET. The above firm having secured the exclusive right to manufacture and sell Warfield's Patent Cold Water Self-

Washing Soap, in and for the STATE OF MARYLAND and DIS-TRICT OF COLUMBIA, invite the attention of the public to this very superior SOAP, which washes thoroughly in any kind of water—Hard, Soft or Salt—without boiling. They also guarantee that it will not injure even the finest fabrics. fabrics.

Not only does it save labor, fuel, clothes, &c., but by using it housekeepers get rid of the discomfort of hot water in summer, and of steam in the house during winter, which causes frequent colds, especially to those who go from a steaming hot wash-room to hang out clothes.

There are a feet imperials to its angle of the statement of

to those who go from a steaming hot wash-room to hang out clothes.

Thousands of testimonials to its great excellence are at hand; but no evidence can equal that derived from one's own observation and experience.

To know the virtues of this SOAP you have only to try it. A single bar is sufficient for the ordinary week's washing of a family of eight persons.

By its own action it dissolves the grease and other things that soil, and liberates them from the garment, thus quietly and quickly accomplishing that which is usually done with labor and hard usage of the clothes by means of a washboard or machine. Very little hand-rubbing is required with this soap, except when the clothes are much soiled, or the dirt firmly imbedded in the fabric.

The clothes require no blueing if dried in the sun, as they are bleached every time they are washed.

Clothes washed with this Soap will last fully twice as long as when washed in the ordinary way with the Soaps hitherto most popular.

To consumers, therefore, it is unquestionably the CHEAPEST Soap ever manufactured. The usual discount to the trade.

## THE GREAT DISCOVERY.

LETTER FROM GENERAL HOWARD. WASHINGTON, D. C., July 21, 1871.

PROF. T. A. COOK:—Dear Sir: I have for some time used the BALM OF LIFE in my family as a wash, and have found it all you recommend. I am glad to join others in commending an article that is evidently doing so much good. Yours, truly.

O. O. HOWARD,

Brig. General U. S. A.

Letter from JUDGE WYLIE, of U. S. Supreme Court, D. C. Washington, D. C., June 24, 1871.

Dear sir: I have given your BALM OF LIFE for the hair a fair trial, and am much pleased with its effects. It is a healthful wash for both the scalp and hair; and its influence to sooth the nerves and revive the system when exhausted from over work is most delightful. I have not used it except as a wash, but on your recommendation, and from the faith its use, thus far, has secured from me, I should feel great confidence in taking it as a medicine, according to your directions.

Very respectfully yours,

Prof. Cook.

ANDREW WYLIE,

WASHINGTON, July 1st, 1871. Dear Professor: After using your BALM OF LIFE in many instances of disorders in my family, I am glad to say it affords the relief sought. For diarrhea, colic, sick headache, catarrh, cough, and all external inflammation I am convinced of its efficacy, by use.

R. J. MEIGS, JR.

Letter from Rev. FATHER BOYLE.

Prof. T. A. Cook:

Dear friend: Please send me a supply of BALM OF LIFE, the which, if a gratuity, (as suggested,) will be gratefully acknowledged, or if charged to me will be duly honored. I am altogether pleased with it.

Very truly yours,

JUNE 24, 1871.

F. E. BOYLE.
